

Mastering Stretch – the Series

Supply List

Quality sewing on stretch fabrics is best accomplished on an overlock machine. You are welcome to take the class and to utilize your domestic sewing machine to develop your skills with knits. Please be aware – on most stretch fabrics, this is not an optimal choice, and would best be suited for heavier weight stretch fabrics such as sweatshirt fleece.

Your overlock and/or sewing machine. Machinery must be in good working order, and you must remember to bring all of your accessories. (It may be prudent to our have our Service Technician service your machine prior to class if it hasn't been serviced within the past two years.). If you are bringing your own overlock, you must know how to thread and operate your machine to obtain a 3-thread and 4-thread stitch (covered in Stretch Q&A or MM3 – Machine Mastery for Overlocks). If you are bringing your sewing machine, you must know how to operate it.

- Gingher G8 Dressmaker Shears or Equivalent for Cutting out Fabric (Rotary cutter and mat work very well, too.)
- Gingher G5C Tailor Point Scissors or Equivalent for Notching and Trimming
- Clover Flower Head Pins
- Clover Lang Handled Seam Ripper
- If bringing your overlock, you will need either 4 cones of Maxi-Lock overlock/serger thread to match, OR 4 cones of Woolly Nylon overlock/serger thread to match> If you are using a domestic household sewing machine, you will need 1 spool of Mettler polyester thread to match.
- Klasse Sewing and Overlock Machine Needles. Size and Type Appropriate
- 100% two-way stretch fabric such as our 100% Bamboo Interlock, Cotton Waffle Weave or Hemp/Lycra Blend. You'll need to identify your requirements for fabric from the pattern(s) referenced below. Fabric must be pre-washed and dried prior to cutting.
- Other notions as indicated by the pattern, such as elastic, drawstring, zippers.

Patterns for each class in the series are listed below.

Please plan ahead, as these classes move VERY quickly. Be sure to have your pattern and fabric accurately cut out prior to class. (If your pattern and fabric are not prepared prior to class, it is unlikely you will finish your project...)
