

General Information -- Beginning Coursework

Hi! And thanks for your interest in our spectacular sewing courses! We are definitely proud of the coursework, services and products we offer the sewing community and strive to provide stellar sewing experiences to everyone who places their confidence in our shop, our knowledgeable and kindly staff, our fabulous instructors and our state of the art classroom facilities. Whether your interest is in garment sewing or quilting, home décor or hand beading, purses or draperies, we are constantly reinventing ourselves, every trimester bringing you more and varied opportunities to express your creative sewing genius! If you've got a hankering to learn something and it has anything to do with needle and thread, let us know! We're more than happy to consider your requests for classes. In fact, all of our coursework is developed specifically with you in mind, and many of our students have provided the ideas that continue to push our sewing boundaries. So, go on! Push!

Your supply lists for Beginning Sewing S1A and QuiltWorks QW1A are provided to you at the first class. In these instances, the first class is a lecture/demonstration with some hands-on work, too, setting the framework for the remainder of the course. Everything you need for these introductions will be provided to you, and you will have plenty of time between the introduction and the next meeting date to procure the items you will need to successfully complete your project.

Our beginning coursework series are designed for the novice person who wants to learn to sew, and we presume you know absolutely nothing! So, don't worry about a thing! You don't need to be a prodigy of any sort! From start to finish, our instructors and staff will do everything possible to help you succeed. In order that we can see you through effectively, please arrive for class a few minutes early prepared to start immediately at the designated time. With or without you, the class will start at the designated time. If you are going to be late, please call ahead so that the instructor may be informed. We also know how engrossing and all-absorbing sewing can be. However, instruction concludes 10 minutes prior to the end of each session in order that you can stow and pack your belongings and take yourself home, and the instructors and staff members may complete their responsibilities and go home, too. We love you all certainly the most and have an absolute blast teaching you, but please do be respectful of this requirement.

There is no machine sewing homework required for Beginning Sewing S1A., and sewing machines are provided for your use in the classroom. In order to complete the projects designed for Beginning Quilting Q1A, work outside of class hours is necessary. If you do not have a sewing machine at home, we are more than happy to assist you with the selection of one. You are also welcome to sign up for Sewing Lab. Please speak with a staff member for further information regarding lab time.

All supplies are available at Sewing Arts Center. We are happy to assist you with your selections, and rely upon your support in order to bring to you the quality goods and exceptional sewing instruction you deserve. Thank you for exploring your creative sewing genius with us!

---keeping you in stitches---

General Information -- Beginning Coursework (Page 2)

All cell phones must be turned off during class time. As a courtesy to our staff, instructors and your fellow students, NO calls may be made or taken in the classroom. Come on! You can be incognito for 3 hours of your life! If you can't, please consider taking a class at a more convenient time for you.

We're happy to accommodate your guests during class; however, guests are not permitted to reside in the classroom during class time. We are not equipped to provide sitting services for your children, so please make arrangements for their care well before your enrollment dates for class.

On a sort of weird note, but not so weird, it appears that folks zeal for cologne and perfume is on the rise. And who knew that folks could be so allergic to all those wonderful scents? But, alas, many folks are exceptionally allergic. So, if we might trouble you to refrain from the use or reapplication of cologne or perfume prior to arriving for and during class, that'd be really swell.

Please read over the Cancellation Policy, as NO exceptions to this cancellation policy are made for ANY reason.

Hey, Thanks, truly, for placing your confidence in us! Please don't hesitate to call with any questions you may have.

Sincerely Yours, Russell Scott and the Sewing Arts Center Gang
